Close the door on the chaos outside

With up to 35"* of interior displays to supplement your drive, you're guaranteed to experience Nissan technology at its best. Enjoy advanced Nissan Driver Assistance* and HD navigation* displayed right in your view as you settle into your comfortable, ergonomically designed seat. Wondering where to place your belongings? Don't miss the storage space beneath the floating central console. Inside the X-Trail's cabin, it's all about quality details – the relaxing atmosphere of ambient lighting*, the soft feel of premium materials and the seamless convenience of wireless charging* for your smartphone.

The unique electrified experience, now unplugged. This is Nissan e-POWER

With Nissan e-POWER, pioneering doesn't have to pause. e-POWER is a unique electrified technology composed of a fuel efficient petrol engine charging a battery. The battery then provides electricity to a motor driving the wheels. The result is a responsive and quiet driving sensation without the need to plug in and recharge. Just exhilarating and stress-free driving with no compromise on fuel economy.

Digital combimeter with energy flow*

SIMPLIFY YOUR DRIVE, WITH e-PEDAL STEP
Experience a more intuitive way to drive. Unique to Nissan, e-Pedal Step gives you the option to accelerate and decelerate effectively with just the accelerator pedal at speeds above 10km/h, leaving the brake pedal for harder braking and coming to a complete stop.

*Features available depending on version, as standard or only as option (at an extra charge).
Vehicle has been homologated in accordance with EU regulations using the more realistic WLTP test procedure. NEDC values are therefore not available for this vehicle.

Reinvent your all-wheel drive experience, electrified. With e-4ORCE

Playgrounds are not meant to have boundaries. Take on new terrains in confidence with Nissan's unique all-wheel drive technology, now available on X-Trail. e-4ORCE* delivers the perfect balance between powerful and unprecedented control, with a smooth ride for all family thanks to superior handling on any surface. Tailor your drive even further with 5 selectable Drive Modes, including Normal, Sport, Eco, Off-road and Snow Mode for unmatched levels of comfort.

4x4 Drive mode wheel switch*

*Feature available depending on version, as standard or only as option (at an extra charge).

Safety First is Second Nature

The All-New Nissan X-Trail is equipped with advanced ProPILOT* with Navi-link safety technologies designed to read the road ahead and adjust your drive accordingly, keeping you and your family safe for maximum peace of mind. ProPilot Park** makes journeys with the family even easier. It can automatically detect a parking space that fits and then manoeuvre you effortlessly in with fully automatic control of the steering, braking and accelerator. And thanks to Around View Monitor**, all-round reassurance comes from a 360° view of your car with selectable focus on front, rear and kerbside views.

INTELLIGENT CRUISE CONTROL keeps your distance by measuring the space from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

INTELLIGENT FORWARD COLLISION WARNING keeps an eye on up to two vehicles in front of you. If the system detects a sudden deceleration ahead, you hear an audible and visual warning to slow down.

REAR AUTOMATIC BRAKING helps you back-up with confidence. If a stationary object is detected behind your vehicle, the system can automatically engage the brakes to help avoid a collision.

EMERGENCY LANE KEEPING A full suite of technologies to help you avoid unintentional lane departure. Keeps you centered in the lane either by steering wheel action or braking in an emergency situation.

INTELLIGENT EMERGENCY BRAKING spots objects and applies the brakes if there is a risk of a low-speed collision with a car, pedestrian or cyclist. Added Junction Support improves safety further by helping to avoid collision at junctions.

*ProPILOT is available on a limited range of vehicles and only on Automatic Transmissions. ProPILOT is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/ Hands On" for motorways only (road separated by Barriers). Navi-link supports traffic sign recognition which may not detect and read all traffic signs in all conditions. Driver should monitor all traffic sign and obey traffic laws.

It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at any time.

**Feature available depending on version, as standard or only as option (at an extra charge).

You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply.

Seamlessly connected to your world

The 12.3" HD touchscreen⁽¹⁾ in the New Nissan X-Trail is your portal to NissanConnect: our connected car technology featuring intuitive navigation and advanced technology. Our smartphone App offers a growing range of services including sending journey plans to your new Nissan X-Trail. When inside your car, connect your phone to start using your preferred Apps thanks to Apple CarPlay^{®(2)} and Android Auto^{™(2)}. And wherever you are, it keeps you informed about the status of your car. You're all set for your adventures on the go.

GOOGLE ASSISTANT* AND ALEXA^{®(6)} COMPATIBILITY
Use NissanConnect car capabilities to control your vehicle or home by voice command using Alexa or Google Assistant*. Free service ⁽⁷⁾

⁽¹⁾ HD touchscreen is only available in SV Premium and above grades
⁽²⁾ Apple CarPlay[®] and Android Auto[™] are available free of charge, depending on model and/or grade.
⁽³⁾ Connecting a mobile phone to use NissanConnect should only be done when the car is parked safely. Use of the system should always be in accordance with the rules of The Highway Code. Drivers should only use the system when it is safe to do so. Users should be aware of the potential for hands-free technology to distract attention from the road, which could impact on having full control of the vehicle.
⁽⁴⁾ To use the NissanConnect services you need a NissanConnect user account and have to register and log in to NissanConnect with your username and password. To use the free NissanConnect App, you need a smartphone with a compatible iOS or Android operating system and a SIM card with data option with an existing or separate mobile phone contract between you and your mobile service provider. All services are subject to mobile network coverage. The use of NissanConnect on-board internet is made possible via an integrated wireless internet connection. Data packets are to be obtained via selected external mobile communication providers in accordance with their terms and conditions (depending on the availability in your country).
⁽⁵⁾ Feature available depending on version, as standard or only as option (at an extra charge).
⁽⁶⁾ Amazon, Alexa and all related marks are trademarks of Amazon.com, inc. or its affiliates. Alexa Built-In available in England, France, Germany, Spain, Italy.
⁽⁷⁾ Nissan on Google Assistant* and Alexa, Driving History & Analysis, Nissan Help & Assistance, Breakdown Assistance are available free of charge for a period of 7 years, depending on model and/or grade.
The feature responsiveness and use can be impacted when car is receiving a bad signal. For optimal use, please make sure your car is under good network coverage.
*Google is sunsetting Conversational Actions for Google Assistant. As of 13.06.2023 Google Assistant users will be no longer able to interact with compatible cars from home. The rest of Google Assistant functionality continues as normal.

Scan the code to download now the NissanConnect Services app and connect it to your New Nissan.

- ### Safety and car health

In trouble? Breakdown Assistance calls roadside assistance services when you need them, while Vehicle Health Report informs you of the status of your car
- ### Navigation & driving

Service Contracts

Give your Nissan X-Trail the care it deserves with a Nissan Service Contract and save money in the long run. Nissan Maintenance Contract covers all the scheduled operations recommended by Nissan and specified in the owner's manual & warranty booklet. Maintenance Contract allows you to know from the start how much your maintenance will cost and protects you against price inflation. In addition to the scheduled operations, you can benefit from the replacement of wear and tear parts such as wiper blades or brake pads by subscribing to a Full Maintenance Contract. Select the duration that covers your needs and benefit from the use of Nissan Genuine Parts fitted by our trained technicians. A well maintained vehicle has a greater resale value. If you sell your Nissan before your contract expires, the Service Contract will be transferred to the new owner. So do not wait any longer and subscribe to a Nissan Service Contract for extra peace of mind

Extended Warranty

Nissan Extended Warranty gives you the opportunity to extend your warranty for a longer period or mileage. Select the contract that best suits your driving usage. In case of a repair, only Nissan genuine parts will be used and fitted by Nissan trained technicians.
